

READ THIS: If you want a fabulous wedding celebration.

Well Hello!

I imagine if you haven't hired professional entertainment before, this process may be a bit confusing. I went in to replace a laptop computer the other day. And, there were Pentium processors, AMD Athlons, Centrinos, Core Duos, HP's, Toshibas, Acers...and, here I am wondering, not which one is best, but, which one is best FOR ME. And, it seems that every manufacturer has a different opinion. However, the associate at the store was extremely knowledgeable and helpful; and, I wound up getting a great machine at a fair price. He helped me get the best computer FOR ME.

Now, our entertainment company may be the first one that you have come across. Or, you may already have started shopping before you arrived here. If so, I imagine you have seen Gold packages, Diamond packages, Off the Chain packages, with lights, premium sound systems...and, the list continues. I imagine if you are not a talent agent, the choices might get confusing. And, I know how you feel. I felt the same way with the laptop computer. And, you know what I found? I found that having an expert there to help me made all the difference in the world. And, my hope is that I can do the same for you because...**I am an expert in the area of wedding design and entertainment.**

In order to provide you with the look and feel you are seeking, I need some critical information from you. And, depending on your answers – like the associate from the computer store - I'll be able to help guide you to the particular form of entertainment that will be the best for you. What is the best fit for you? That is "what needs to occur in order to give you the biggest smile." And, that's going to require getting to know you and your desires. Once that happens, we can start painting a very clear picture of your vision of the event. In fact, I can actually show you a graphic design of what your event will look like before it ever happens.

Now, I'm not here to give you a sales pitch. For me, I really don't like people trying to sell me things I don't need or don't want. And, that's all the more reason I need to know what you most want. We need to find out what is going to put the biggest smile on your face.

So, if you're ready to see what your event can be, it's time to make that phone call and schedule a time for us to get acquainted. And, if for some reason we don't click, we can put you in direct contact with another industry professional that may be a better fit.

This may sound too good to be true. But, it isn't, it's a great opportunity for you. Our number is 815-582-3282. I'm looking forward to talking with you.

Warmest wishes and best regards,

Glenn David Schroeder

PS. I am very passionate about and confident in the level of service I provide. If after you hire and receive my entertainment services, your expectations aren't met, I'll give you a 5 day 4 night hotel stay in Hawaii. Sound fair to you?
